INTRODUCTION

The main aim of the project is to design an dynamic responsive website and an online framework for making of **gold gym official website** with full fledged logic and environment using new trading technologies in market with maximum functionalities , efficiency, maximum optimal speed on web and one key feature it must be more informative.

Development tools :

- 1)Language used : 1-java script
 - 2-css ○
 - 3-html
- 2)we used notepad as our editor
- 3)frame work and libraries: bootstrap and w3school
- 4)web browser: Microsoft **Internet** Explorer Google Chrome, Mozilla Firefox, and Apple Safari.

Description about first page

Favicon: with the help of favicon tag we have given icon to our webpage

~ by using the navbar we have created 6 buttons (home, blog, service, franchise, contact, join now and logo) and given some effect by using css

~by using CSS :hover Selector we able to make when any client **is used to select elements the bottom color will change into yellow**

~in home page we have added an background image and over the image we have written gold gym and by the css we make gold gym normal text into glowing text animation by using css properties **CSS :nth-child() Selector and animation delay.**

Description about second page

~By using head tag and `css fontfamily("Brush Script MT", "Brush Script Std")` we have given an heading

~by text animation we have mentioned about the

Gold gym (total gym, in which state gold gyms are present and many more)

~after the heading by help of image map we have make 3 circle and we added beneficial information link to those circle such as membership link, registration link and home page of gold gym.

~after image map we have splitted the screen by using css properties(flex). In the left side we have written about the gym and in right side we have embedded the youtube video

Description about third page

~in third page we have written services given by the gym

~by using css property we have made 8 box in 1st row 4 box and in 2nd row 4 box
By adding the width of (33%-20px) and then inside the box we have written services which is given by the gym

~also we have given icon to every heading by taking from the google and embedded from it

~and we have used hover tag so that if any client take cursor it it will change color

Description about fourth page

~in third page by using marque tag we have done little bit advertising . in which marque tag will help to highlight.

~after highlighting we have made the form where we will take all releated information from client

~in the form we have used radio box,text,number,email and etc by the help of fieldset, legend, input type tag.

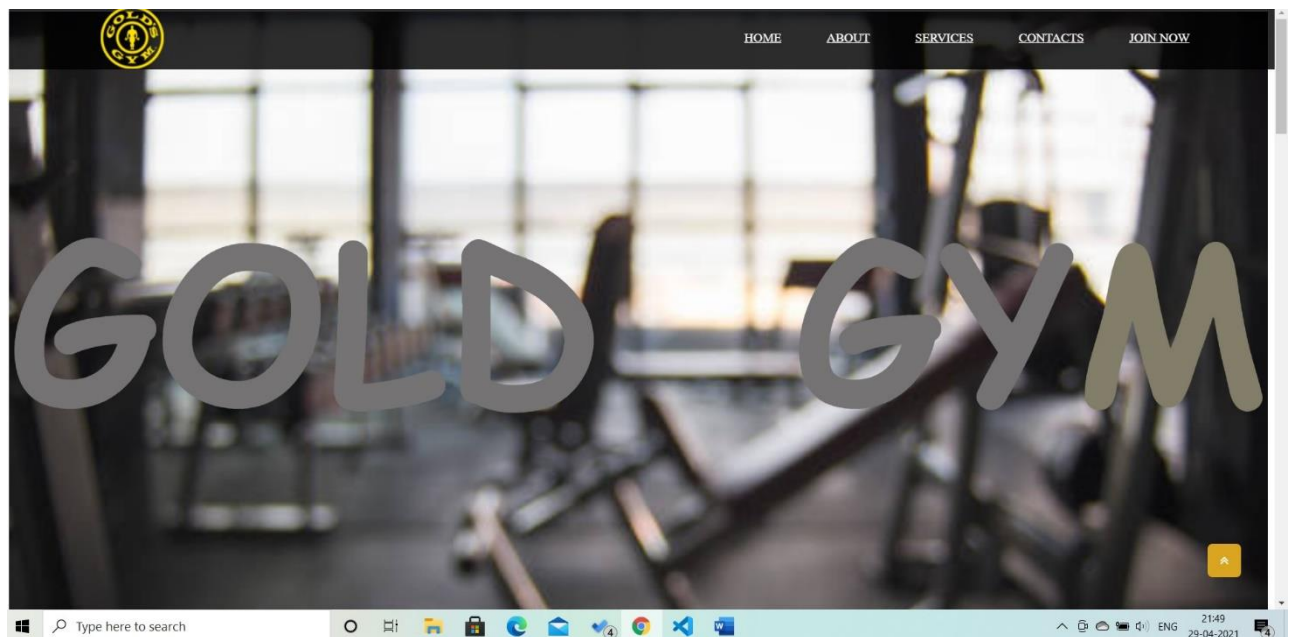

~Here we used form validation also.

~we have given contacts of the gym by mentioning number and gmail as well as social media handel and also added icon .

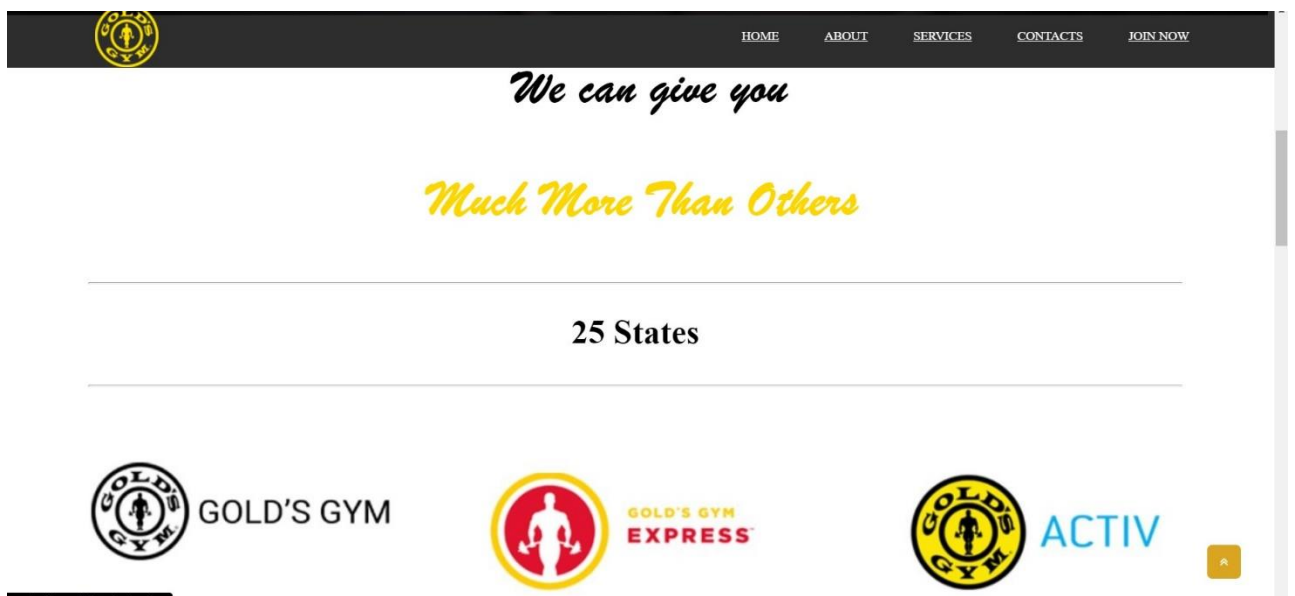

~at the end of web page we have used footer tag and given background image to the footer and mentioned by whom website is created and designed.

~then we have added the bottom in the right side of the webpage when any client will click he will go to the top of the page and added some java script function to it so that we can go up

ABOUT

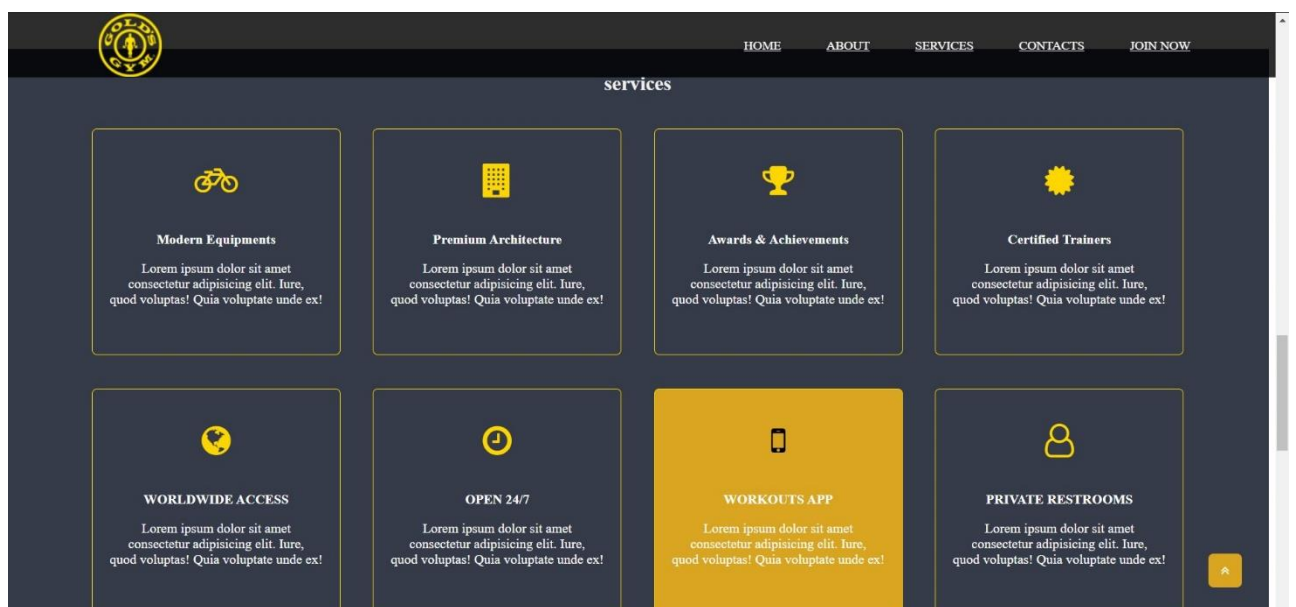

Widely recognized as one of India's premium fitness destinations, Nitro is not just a gym, it's a way of life. Nitro is an ISO certified 9001-2008 company, which is endorsed by top Bollywood stars and international athletes. Our equipment selection is done by our training & fitness department. The same equipment is used by the likes of the American Military, and the Manchester United & German football teams.

The purpose behind this venture was to give an ultimate fitness experience under the supervision of highly qualified & experienced professionals. The Nitro chain of clubs is expanding across the nation & internationally, ensuring you a luxurious fitness experience. Our standards are periodically refined to live up to the brand's promise and be relevant. We stand with an Experienced team who share a great rapport with our members, keeping in mind their needs on first priority and are with them each step of the way in reaching their goals.
